

Contents

Unit 1

The history of chemistry
P1

Text A The history of chemistry P2

Text B Chemical element P17

Unit 2

Branches of chemistry
P23

Text A Branches of chemistry P25

Text B Plastics P38

Unit 3

Inorganic chemistry P45

Text A Structure and composition of matter P46

Text B Acids and bases: an introduction P58

Unit 4

Organic chemistry P63

Text A Organic chemistry P64

Text B Polymer science P76

Unit 5

Chemical reaction P81

Text A Chemical reaction P83

Text B Chemical sentences: equations P98

Unit 6

Chemical
thermodynamics P101

Text A Chemical thermodynamics P103

Text B The laws of thermodynamics P117

Unit 7

Chemical equilibrium
P121

Text A Equilibrium P123

Text B Responsible paper production P135

Unit 8

Green chemistry P139

Text A Introduction to green chemistry P141

Text B Ecological intelligence P155
